

# Larson-Notari Award

## 2008 Nomination – Please submit nominations by May 1, 2008

CRES annually recognizes individuals who have made significant contributions to the field of renewable energy, energy efficiency, and sustainable buildings through the Larson-Notari award.

The Larson-Notari Award is named in honor of Dr. Ronal Larson and Paul Notari, two founding members of the Colorado Renewable Energy Society (CRES) which was founded in 1996.

The CRES Board of Directors selects each year's winners from nominations submitted by CRES members. The winners must live in Colorado but do not have to be CRES members. Nominations are confidential, and CRES notifies only the winners that they were successfully nominated. CRES gives each award winner a handsome plaque.
