

Green Jobs/Career Resources Fair Hosted by CRES

Saturday, October 3rd. 2009

9:00 a.m. - 12:00 noon

First Universalist Church of Denver

4101 E. Hampden Ave. (at Colorado Blvd.)

The Colorado Renewable Energy Society (CRES) will be hosting a Green Jobs/Career Resources Fair in conjunction with the Tour of Solar Homes on Saturday, October 3rd.

Our goal is to help green businesses meet great job candidates and help attendees learn more about opportunities available in green industries.

Your company does not need to have open job positions to participate. Instead, the fair will provide an opportunity for you to meet interesting job candidates for future openings. Additionally, you will be able to network with other green industry leaders and share success stories.

The Green Jobs/Career Resources Fair will be absolutely FREE to both participating businesses and attendees.

Here's how you can participate:

- Send a representative to talk with fair attendees. We'll have tables available for you to "meet and greet."
- Send us information that we can post on a large "Jobs Board" at the Fair. This information can be about current or future job openings, how a candidate can contact your company and the kinds of skills your company is looking for.

For more information about the fair, contact either of the following members of the Green Jobs/Career Resources Fair Committee:

Mike Gray at (720) 261-3367
Carolyn Kohler at (415) 250-1347
